ROCKY'S TMC

Technology Made Comfortable

The Rocky® TMC shoes are designed with cutting edge technology to provide sure-footing and flexibility on the most demanding routes. Each shoe flexes with every motion of the human foot to ensure non-restricting, durable comfort. Once you put on one of the six styles offered in the Rocky TMC series shoes, you'll wonder how you ever survived without them.

These rubber overshoes and work boots have an exceptionally thin upper and a noticeably thick sole and tread. They weigh only a few ounces, yet they are noted for their toughness and long wear. Tingley's rubber compound will not crack or stiffen in the coldest weather.

A. Women's Overshoe

TIN 5100 Sizes S - L \$16.45

Stretch over shoes.

B. Men's 10" Work Boot

TIN 1400 Sizes S - 2XL \$18.45

SIZING INFORMATION

How to Measure for a Proper Fit

If possible, have someone else take your measurements.

Uniform Shirts & Jackets

Neck: Measure around neck, just below adam's apple, allowing a finger width of room.

Chest/Bust: Measure around fullest part with the tape high up under arms with arms at sides. (For women, around fullest part of bust.)

Sleeve: Measure from center of back (between shoulders), out to shoulder, and down to wrist.

Uniform Trousers

Inseam: While standing, measure along inside leg from crotch seam down to desired length.

Waist: Measure around waistline over shirt. Do not measure over belt or waistband. Do not allow tape to sag.

Women's Hips: Measure around fullest part of hips, approximately 7" down from waistline.

Accessories

Gloves: Measure around the largest part of the hand, over the knuckles, while making a fist. Exclude the thumb. Convert from inches to glove size:
 7 to 7-1/2" = Small
 8 to 8-1/2" = Medium
 9 to 9-1/2" = Large
 10 to 10-1/2" = X-Large

Caps or Helmets:

To measure the circumference of your head, position a tape measure in the middle of your forehead, wrap it around above your ears, and around the largest portion of the back of your head.

Belts: Measure around waist at trouser belt loops, and add 2". Round up to nearest even size.
